Highlights

The district passed a \$11,000,000 new High School bond levy on June 10, 2003. The new High School was bid on Sept. 4, 2003 and construction began in October. The new Bonners Ferry High School will be 91,000 square feet, of modern educational space. This is an increase of about 25,000 square feet over the existing high school. The majority of this space being added is for classrooms and the new auditorium. The media center has been enlarged and has an adjacent computer lab. All classrooms are wired for computers, cable TV and telephones.

The existing High School was renovated as a Middle School, housing grades 6th, 7th and 8th grades.

Technology growth and advancement continues to be a priority in the district.

Overall the district is moving forward with each buildings school improvement plan.

Progress Towards Meeting Goals

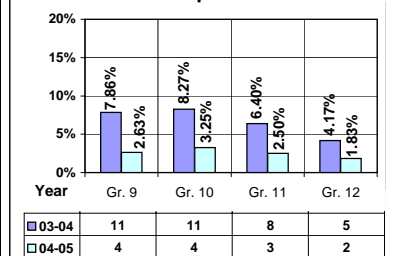

2004-05 Goals	Progress
A new High School needs to be built.	The new High School was completed in the late fall of 2004
Facilities need to be improved	The existing High School was renovated during the summer of 2004 for a new Middle School.
School improvement plan	The district continues to make progress with the school improvement plan started last year.
Maintenance and operation review identified 66 items of priority for improvement	Boundary Co. School District #101 continues to carry out the 66 items recommended from the Maintenance and Operations document as approved by the Board February 2002.
Provide adequate funding for the school programs	The District does not have a contingency fund and struggles to pass Maintenance and Operation levies.
Maintain and replace equipment	New computers were purchased last year for K-8. It is expected that new computers will be purchased for the new High School this fall.
